Sunseeker X Series elite

The Ultimate Mowing Solution

Always Online, Anytime Access

AONavi™ Positioning and Navigation System

The AONavi™ Positioning and Navigation System combines RTK technology with VSLAM visual navigation, utilizing advanced satellite systems for unparalleled accuracy in setting precise boundaries and optimizing mowing paths.

3D Precision Solution

Vision AI System

Sunseeker Elite mowers combine 3D Vision AI with a brain-inspired learning system. This enables automatic obstacle detection and precise environmental navigation for seamless, hands-free mowing.

Full Control on Every Terrain

All-Wheel Drive System

The Sunseeker Elite X series features a robust all-wheel traction system, allowing the mowers to effortlessly handle slopes up to 70% / 35°. This ensures reliable, smooth performance, even on the roughest, most uneven terrain.

Care for Your Garden

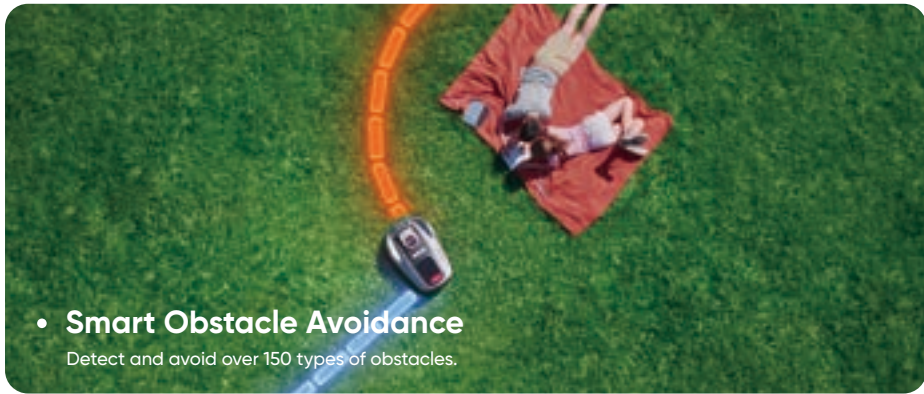

Tender to Turf

The X Series mower's advanced steering motor delivers smart, precise turns to protect your turf. Combining trimming and scarifying in a single step, it ensures a healthier, well-maintained lawn every time.

• Advance in Wire-Free Mapping

ensure a seamless and efficient mowing experience without the need for physical wires.

• Smart Obstacle Avoidance

Detect and avoid over 150 types of obstacles.

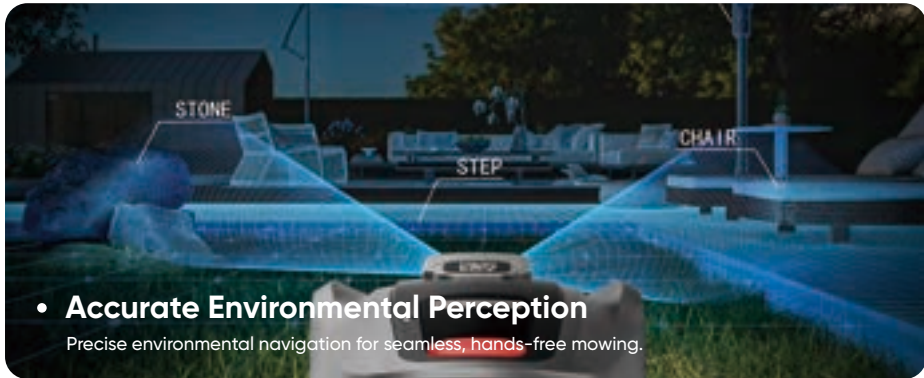

• Multi-zone Management

Effortlessly manage Up to 15 mowing regions.

• Path Planning & Optimization

Map the most efficient routes for perfect mowing.

• Accurate Environmental Perception

Precise environmental navigation for seamless, hands-free mowing.

Adaptive Perfect Cutting

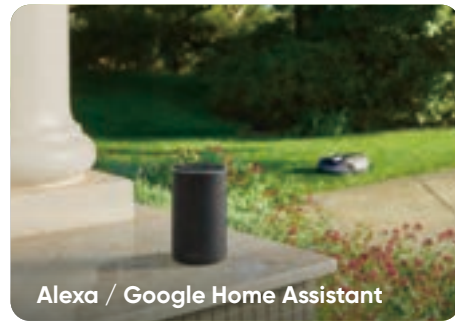

Floating Cut System

Experience a superior cut with the Sunseeker elite's unique floating cut system, which adjusts to the natural contours of your lawn, ensuring a smooth and consistent cut, even on uneven terrain.
